**CHRYSPAC VALUES**

*Written by our employees*

When mistakes occur, we motivate our employees to improve by discussing the issue as a team and deciding the steps to put in place to ensure that the mistake does not reoccur.

We Do Not motivate our employees by yelling or screaming at them.

We respect everyone and Everyone's opinion is welcomed and valued.

We realize our employees work hard 8 hours a day, so if an employee requests time off, we do our best to accommodate their request.

**We Value:**

A calm and relaxed environment, where employees work hard and understand the importance of quality but can still have fun.

Good communication, when inspectors bring quality issues to their supervisors' attention, so that the supervisor can alert the client.

No Drama!

All employees are flexible and cross-trained, so if someone is out sick, others can and do step up to the plate to fill in.
