Re: Supplier Performance 2021

Dear Valued Supplier,

It doesn't seem possible we are well into the first quarter of 2022 already but here we are. While 2021 was still a very challenging year for many companies with logistics issues, supply chain issues, price increases, Covid-19, etc., we hope you were able to survive the struggles and that business is getting back to somewhat normal even though these challenges are still facing us going into 2022 so far.

As you know, TriMark utilizes a Supplier Rating Report to measure supplier performance on two critical factors: on-time delivery and quality. These results are used to calculate a final score that places the Supplier into an "A", "B" or "C" performance classification. We have calculated the scores based on all 12 months of 2021 and we are very pleased to announce that your company has achieved an "A" supplier classification. ***Congratulations!*** Our success depends, in large part, on the success and performance of our suppliers. Thank you for your outstanding performance in 2021 and we look forward to a similar performance in the future.

In recognition of this outstanding performance, please find enclosed a certificate of Outstanding Performance which you may display in a prominent area of your organization.

We look forward to working with you in 2022 and thanks again for your exemplary performance during another very struggling year.

Sincerely, ·

Bonnie Henn
Supplier Relationship Manager

Kendra Knowlton
V.P. of Global Quality/Strategic Supplier Development

In recognition of

"A" SUPPLIER PERFORMANCE

TriMark®

Proudly Presents this Certificate to:

Chryspac

Thank you for your Outstanding Performance in Quality and Delivery for 2021.
